Reference: Year End Report (11/28/06 12/31/06)

Dear Ms. Trainer:

This correspondence is in response to your Request for Additional Information (RFAI) for the above referenced report. We have amended our report with the following corrections.

Regarding Line 21(b), the apparent discrepancy between the sum of the itemized entries and the total reported on the summary page is explained because the sum of the unitemized activity is negative. During this reporting period we processed many voided checks. These specific checks were small amounts that had been prepared for individual volunteers expenses who for various reasons did not perform the scheduled work. The report is correct as filed.

Regarding disbursements in Schedule B reported as "Political Consulting", we have corrected the description of these items to more clearly describe the purpose of these activities. We continue to make our best attempt to provide acceptable descriptions.

The expenditures reported on Schedule F supporting Line 25 are reported correctly according to our understanding of how to complete Schedule F. The election was a Runoff election held after the General election, and fell within the correct reporting period. There is no place on Schedule F to indicate the election code and the election aggregate is reported correctly for the Runoff.

The documentation for completing Schedule C and C-1 is difficult to interpret for a line-of-credit. Our confusion stems from the documentation being primarily written to accommodate a loan and we have needed to interpret it for use in reporting a line-of-credit. We understand your requirement to have accurate and consistent reporting of these items, and we have made our best effort to provide this. The due date on Schedule C and the interest rate and date incurred on Schedule C-1 have been corrected.

I trust this response answers your inquiry. Please note, no monetary information was changed in clearing up these matters. If you need further clarification please do not hesitate to contact me.

Sincerely,

Pat Huyck
Director of Accounting
